Contemporary Living

Putting warmth at the heart of the home

ARADA

DEVON

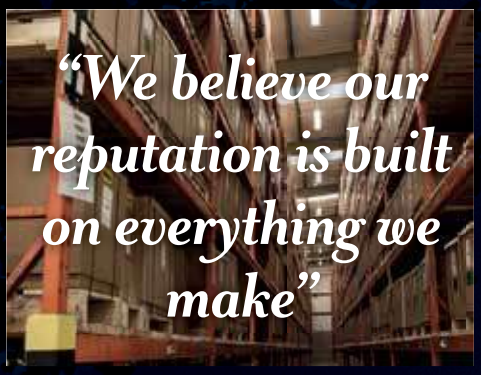

From the tiny acorn of a small engineering firm founded in 1966 the core ideals of designing and manufacturing affordable, robust and pleasurable products for the British homeowner are still at the heart of Arada.

Transformed into a mighty oak at our 54,000 sq.ft manufacturing base in Axminster, we design, manufacture and globally distribute not just wood and multifuel stoves, but also electric fires, gas stoves and outdoor heating appliances.

MADE IN BRITAIN

An Arada stove is so much more than just a black steel box, each one starts life in the hands of our craftsmen. Raw steel is crafted with precision. Exacting joins are welded at 1500°C. Sparks fly as surfaces are perfected.

Our stoves bear the hallmarks of being designed, engineered and built in Britain by people who take pride in a job well done and that believe that ownership of an Arada stove should be a pleasure.

Our stoves come with either lifetime or extra-long life stove body guarantees. We won't ask you to register first either, our guarantees come as standard*.

10 YEAR GUARANTEE

LIFETIME GUARANTEE

*Stove must has been purchased from an authorised retailer and installed following regulations governing the fitting of wood burning and solid fuel appliances in the country of installation.

Modern & Traditional Stove Styles

Our collection of stoves are designed to suit the look and style of different homes, whether it's to upgrade a classic fireplace or as a statement in a contemporary open-plan living space.

Accessories

We also design and manufacture extras such as log stores, stands, pedestals, handles and more that let you create the perfect focal point for your room and nail the practicalities of owning a stove.

Outdoor Living

We're not just about stoves! We've brought our heating design and expertise to the great outdoors with a range of attractive garden fire pits, chimeneas, and more.

Hoxton 7

Hoxton 7

Achieve effortless style with this versatile Hoxton 7 kW wood burning ecodesign stove. This cylindrical body stove with its huge curved glass door will create a visual statement in any home. For added style and practicality the Hoxton can be paired with the pedestal or log store accessories, both available in short or tall configurations.

COLOUR OPTIONS

Metallics & The Bold Edit

Robust and easy to clean

Our paints are resistant to very high temperatures and easy to keep clean.

Non-smoker paint

There's no curing time with any of our paints and no unpleasant curing odour either.

Also available in Black

If colour is not for you, our stoves will always be available in Midnight Black as standard.

METALLICS

Express yourself with colour

Seize the opportunity to show your individuality with our four metallic shades, guaranteed to make an impactful statement in your living space.

MIST

CHESTNUT

ATLANTIC

SPICE

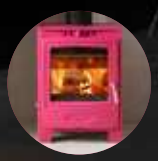

THE BOLD EDIT

A unique new look for stoves

THE BOLD EDIT is a palette of four exciting shades that are exclusive to Arada.

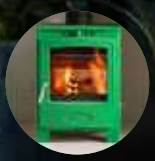

Striking and happiness inducing, with a major side of dopamine, these shades will no doubt inspire and inject fun for those creating an interior with serious punch.

FLAMINGO

MIAMI

PEAPOD

RAINCOAT

* THE BOLD EDIT colours are not recommended for stoves over 7kW, and not suitable for painting single-walled flues
