House of Fireplaces

Complete Fireplace & Heating Solutions for New Build Developments

From Design to Installation, Your *One-Stop* Solution for Turnkey *Fireplace* & *Heating* Services

Perfecting Every New Home with Warmth and Elegance

At House of Fireplaces, we specialise in providing Turnkey Fireplace and Heating Services designed specifically for new build developments. From Wood-Burning Stoves, to Feature Electric Suites, our comprehensive offering ensures seamless integration into your homes while providing buyers and homeowners the flexibility to explore and select their favourite styles in our fully equipped showroom. With over 25 years' experience, and trusted by several renowned Developers across multiple sites, our team ensure a professional and reliable service at every turn.

Why *choose* us?

Comprehensive Solutions

We provide a complete, hassle-free service from customer consultation to installation, delivering premium stoves, electric suites and fireplaces tailored to every home in your development.

Tailored to New Builds

With extensive experience working alongside builders and developers, we align with your schedules, budgets, and energy efficiency goals.

Professional Installation

Our in-house certified professionals guarantee safe and expert installation, complying with all relevant building regulations.

Our *Services* Include

1

Design & Consultation

Collaborate and choose a scheme tailored to each development's layout and style that aligns with your vision and brand.

2

Premium Product Selection

Choose from high-quality stoves and electric fires from leading manufacturers, designed to suit every aesthetic and heating requirement.

3

Site Preparation & Installation

End-to-end installation tailored to specific site timelines, with each individual property measured ensuring precision and efficiency at every stage.

4

Compliance & Certification

Full documentation and compliance with all safety and environmental standards, ensuring quality and safety for homeowners.

5

Aftercare Services

Complete after-sales service provided to ensure long-term satisfaction for your homeowners.

Enhancing Developments, One *Fireplace* at a Time

Benefits for developers

Enhanced Property Appeal

Developers partner with us to give their properties an edge in the market, installing luxury features helps to sell homes and increase value.

Cost-Effective Site Packages

Competitive pricing for multiple installations across entire developments without compromising quality, with Show House deals and feature packages for individual homes.

Efficiency & Reliability

Timely delivery and co-ordination with the site management team ensures projects stay on schedule and handover dates are met.

Flexible Showroom Appointments for *Homeowners*

Enhance the buying experience with the option to personalise their home as an incentive or upgrade, with extended showroom opening hours available to prospective buyers. Extended opening hours and appointments available for customer convenience, where they can:

- Explore a wide selection of stoves, fireplaces, or electric fires.
- Discuss **customised options** with our sales consultants.
- See live displays to help visualise their future homes.
- Select upgrades or bespoke features that suit their personal style.

Who *we* serve

- New Build Housing Developments
- Residential Builders and Developers
